(A Prestigious Co-Educational English Medium School affiliated to CBSE, Delhi)

Sector 4, Jawahar Nagar, Jaipur 302004

Circular- V

(only for classes-IX to X)

Date:16/10/2023

Dear Parent

As we all are aware that in this fast-changing scenario a number of opportunities are available in various traditional, new fields, hence it is very difficult for all of us as parents and also as students to identify a right stream where the desired goal of ward can be achieved.

Looking to the above problem of parents and students, The Education Committee of The Maheshwari Samaj (Society), Jaipur started an initiative in the year 2016 where we tried to provide a platform to all the students to understand the career opportunities and the path to achieve the desired goal. We called the experts of various fields to arrange the sessions for students as per their choice and also the top universities of the country under a single roof.

It is a well-accepted fact that a child's career should best be built upon the strengths, limitations, interests, and dispositions of the child. Thus, it is important to understand that choosing a career does not mean simply deciding upon a desired career profile but on the potential to grow with that career successfully. Identifying the aptitude and interest of a child is not easy in an environment where ambition is often obscured by fascination. Even if the child's aptitude is well ascertained, there are various other aspects that need to be considered before a decision is taken. It could range from the interest of the child, family aspirations, finances to scope of the career etc.

The Education Committee of The Maheshwari Samaj (Society), Jaipur is going to conduct a Career Assessment Test in online mode for students of class IX & X in school, the test is a concrete Counselling Program, will streamline the individual roadblocks. This also becomes instrumental in allowing the parents and student to determine the ideal route to plan for.

The school is conducting the Career Counselling Program (CAP) created, and administered by expert psychologists and Certified Counsellors to provide an individualized guidance to parents and students of grades IX-X which includes the following-

Online Career Assessment Test – A unique combination of Personality, Aptitude and Career Interest test (based upon most recent parameters of testing the skills and abilities) which will help students to identify the right stream, course, and career selection in accordance with their personality and abilities in a short span of 1 hour 16 minutes.

Graphical and Detailed Report Card – that showcases the student's unique personality traits, aptitude score and career interest area.

Personal Counselling of students and parents will address the following: -

1. Assess academic performance and potential
2. Analyze strengths and weaknesses of the student based on the CAP Test
3. Provide details of various career options and how to make smart career choices
4. Guidance on suitable stream selection with various subject combinations
5. Address any issue faced by young adults
6. Resolve the confusion and conflicts due to the plethora of career choices
7. Help cope with pressure leading to improved mental health
8. Provide genuine comprehensive information with experienced and Certified counsellors
9. Empower every parent to help their child to unlock their true potential.

The above test will be conducted free of cost for all the students (**tomorrow i.e 17/10/2023 during the school hours in the school only**) however the society will bear the cost of the test per child to the tune of Rs. 250/- (inclusive of Test + Comprehensive Report). The detailed report in soft copy will be provided to the individual student.

Personal Career Counselling Session will allow you to satisfactorily take a decision about your ward's career.

It is highly advisable for parents to accompany their ward at the time of the counselling session. With dedicated slots per student, the counsellor is available for nuanced discussion without the usual time constraints.

The above **Personal Career Counselling Session** will be optional and will attract an amount of Rs. 500/- (where a one-to-one session of 45 minutes will be provided).

Please note that the subject stream selection of your ward will depend on the cut off specified for each stream. The result of this career assessment test will not have any bearing on the stream allotted by the school.

Note: Registration link & Login credentials will be shared before the commencement of the test.
